Foreword

As the leaders of tomorrow's world, every student must broaden his horizons and increase his understanding of mankind. These are the goals of the faculty and student body of Marlington High School. We, the Scenario Staff, have endeavored to depict the many ways in which this has been accomplished. A high school student's life is a merger of many different activities, including classes, athletic events, exams, dances, and club meetings. Most of these have been portrayed between these covers. We now present the 1968 Scenario.

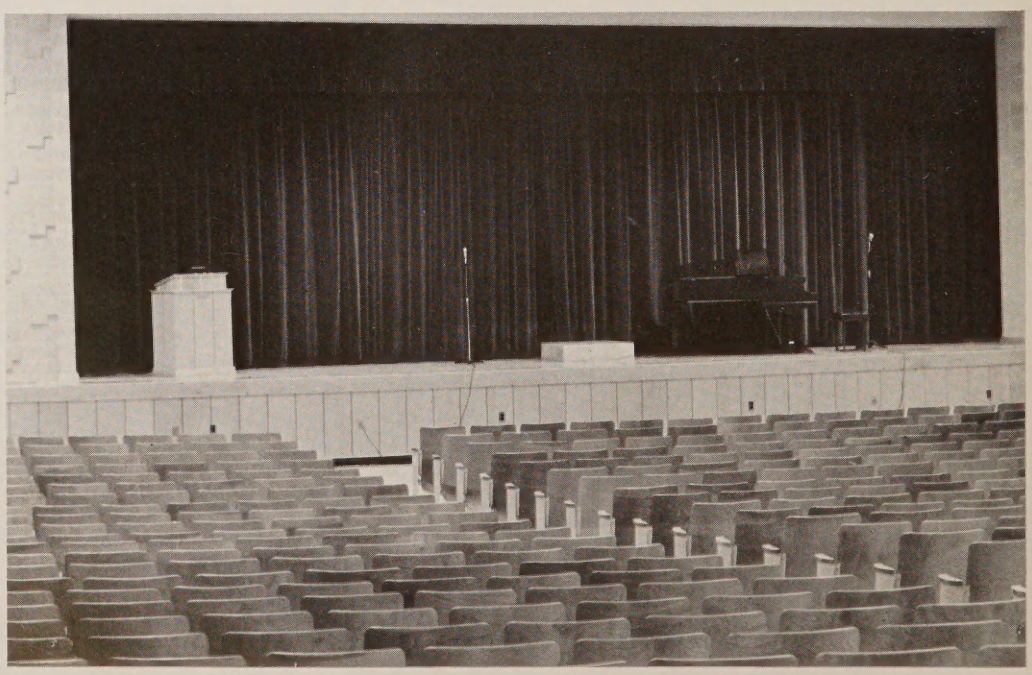
The library provides a place of study and concentration.

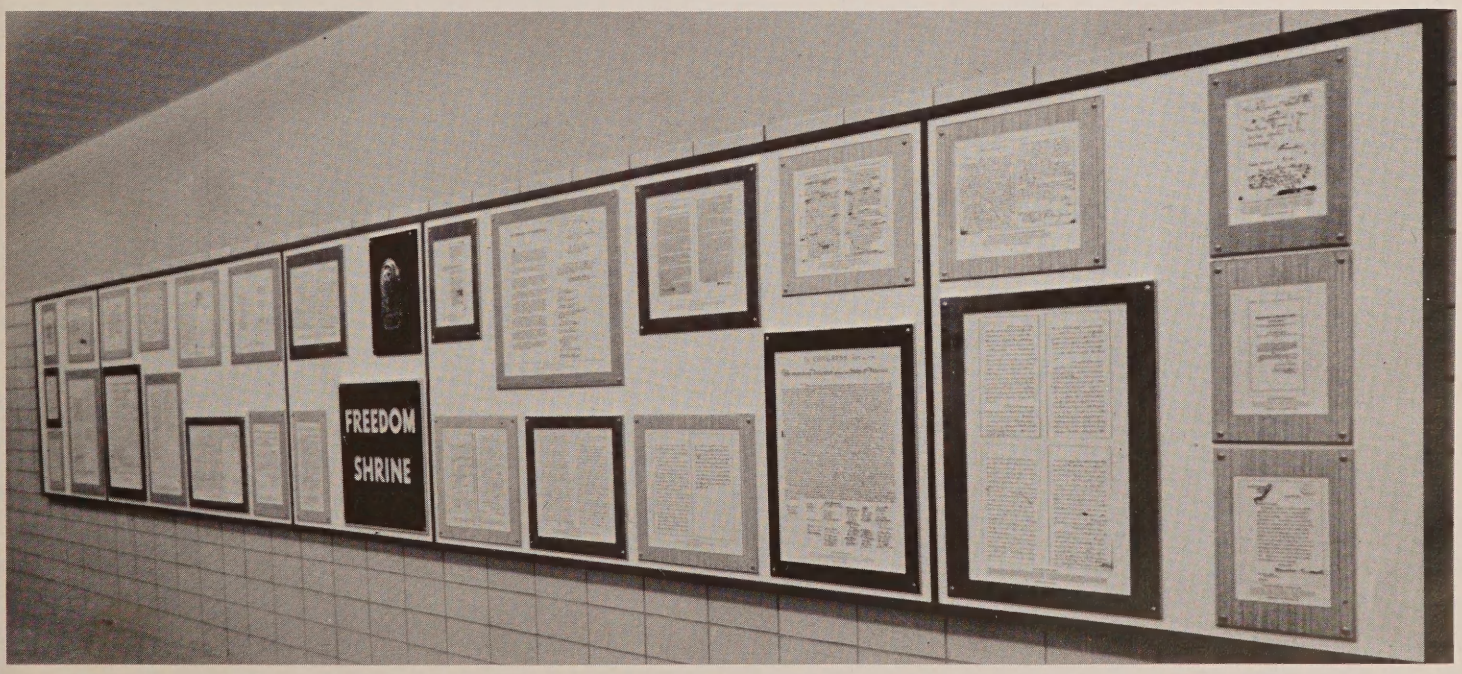


The auditorium is the scene of many programs and assemblies throughout the school year.

Tranquility is reflected at the closing of another day.

There is no school without students, but the physical building is also an essential factor. The school building becomes a center of learning through the activities conducted within its walls. Libraries and study halls are instrumental in enlarging the scope of one's knowledge. Classrooms serve as laboratories in which the teachers' knowledge is passed on to the students, while distinguished speakers and informative programs widen cultural horizons. Each step through these halls takes us a little further in the search for knowledge.

Building Has Atmosphere of Learning



A Freedom Shrine, presented by the Alliance Exchange Club, was dedicated on October 23, 1967.

A section of the marching band rehearses "Joshua."

The music department at Marlington has room for every student to participate in some capacity. Musical activities are diverse and varied, including concert band, marching band, choruses, glee clubs, and ensembles. Each student may gain a deeper appreciation of the fine arts from his band and choral activities.

Select Chorus expresses emotions through music.

Music Provides Enjoyment

Head drum majorette, Carol Barcus, leads the marching band in one of many halftime shows.

Penny Faxon disrobes following the Christmas Concert.

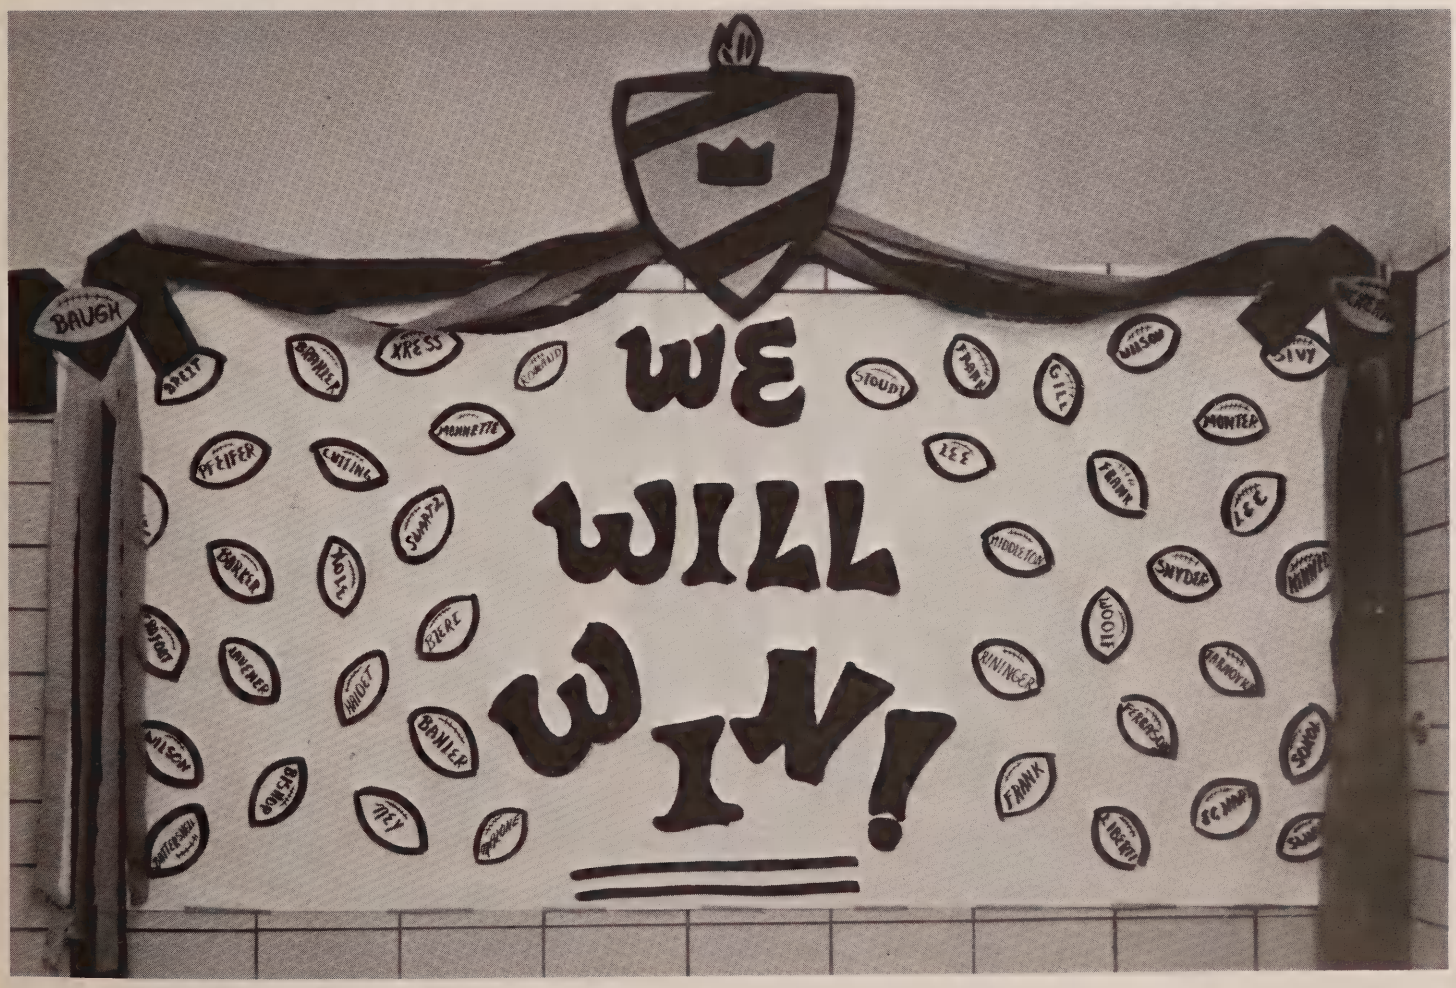
Members of the royal court dance the night away on "Paradise Isle," 1967 Junior-Senior Prom.

Activities Shape Student Life

As every student needs classwork and mental exercise, so does he need other activities in order to form a well-rounded personlaity. Extracurricular clubs cover many areas, including national honorary organizations, service clubs, vocational fields, and special interest groups. Each student may participate in the activities which he feels will most benefit him. Extracurricular activities may be profitably used to broaden a student's knowledge and understanding of himself, his fellow man, and his world.

MaryCat (Anne Weaver) offers her pet dog as a sacrifice to the spirits in "We Have Always Lived in a Castle."

"Shades of Autumn" is the theme of the 1967 Homecoming Dance.

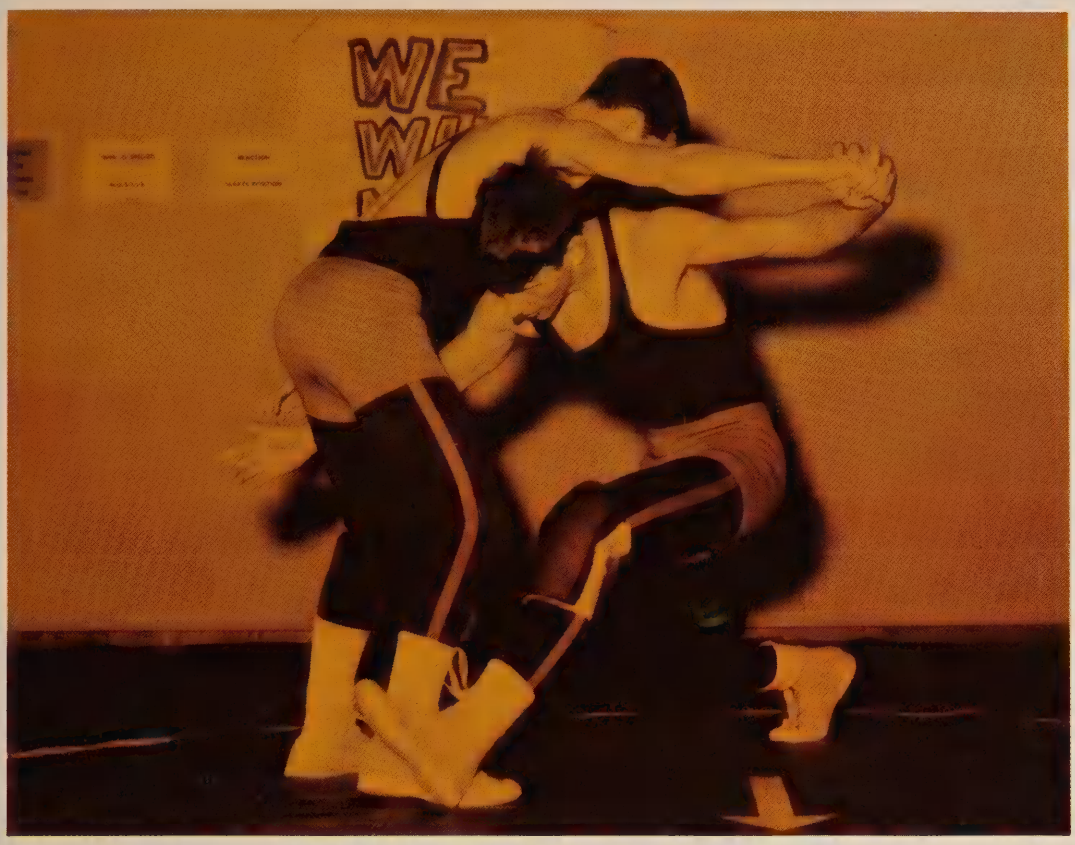


School spirit reaches a new high during the week before the big game.

Athletics are an integral part of life at Marlington. All students are involved, either as a participant or a supporter. Sports events mean excitement, competition, and all-American fun. Credit should go to all team members for their unfailing hard work, and to the student body for their fine school spirit.

Mr. Kitzmiller's Dukes perfect the technique that made them outstanding.

The cheerleaders exhibit their school spirit.



Perry Bowlin and Randy Breit display prowess in wrestling.

Athletes Represent Student Body

Mud, rain, and cold can't dim the interest of Marlington guard Brian Stoudt.

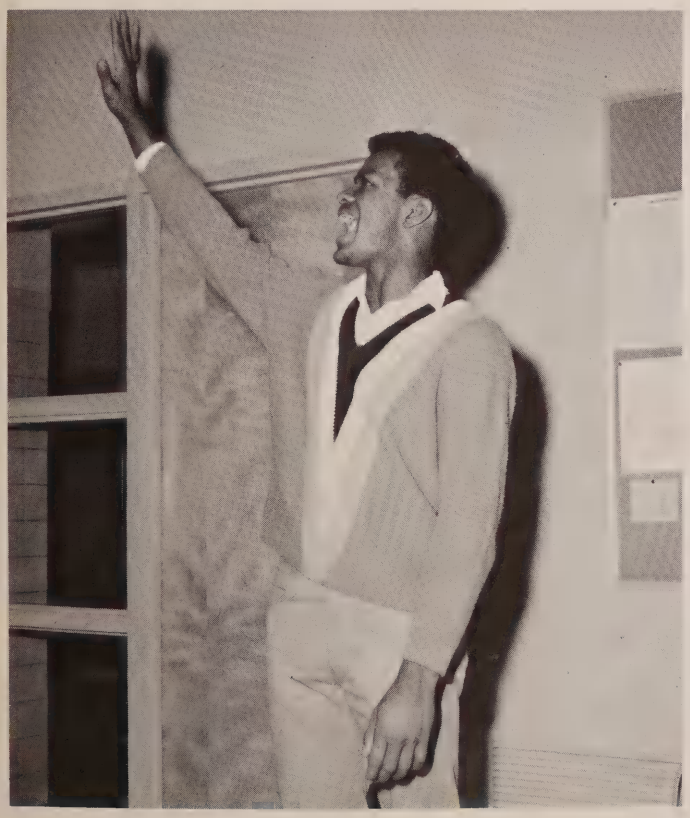
Senior guard and co-captain Tom Robinson drives in for two points.

Students Gain Practical Experience

Janet Leidy studies the technique of English authors.

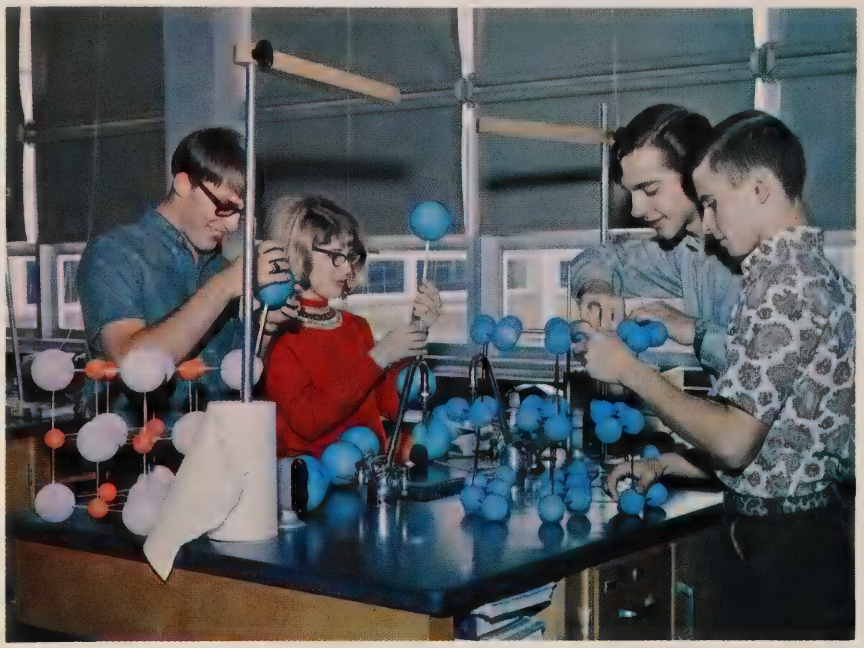
Sophomores learn the fundamentals of biological science.

Dave Wolf and Eddie Evans repair a tractor motor in the vocational agriculture workshop.



Ken Wade practices for a speech tournament.

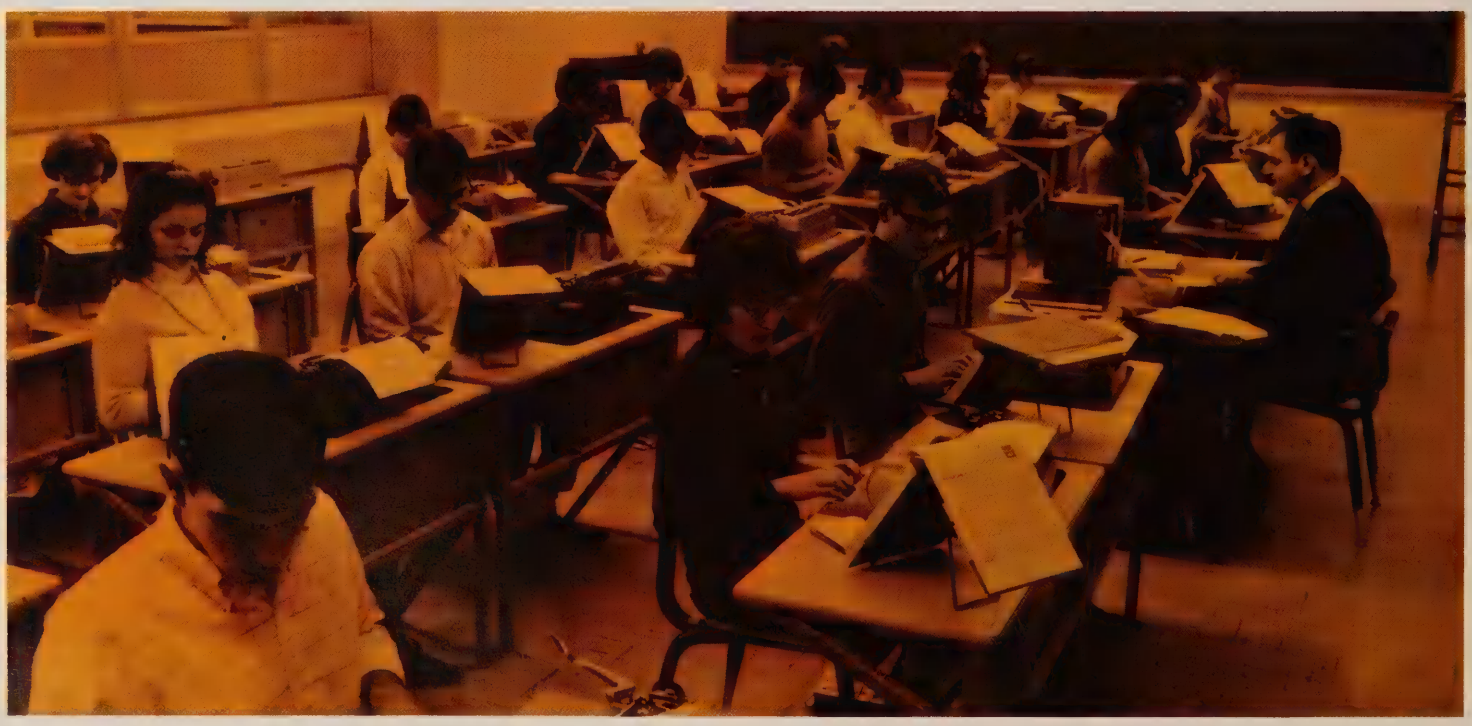
The range of events that occur at Marlington are all part of student life, whether they take place in the classroom, the gymnasium, the laboratory, or the stadium. Learning situations are varied; every student has ample opportunity to add to his fund of knowledge. Here at Marlington we are concerned with the little world of classes, sports events, report cards, and dates. However, we are also involved in the larger world of war, peace, economics, and civil rights. In this setting, students may acquire the ability and wisdom which will make them the leaders of tomorrow's world.



Marty Springer, Barbara Freshley, Mike Kelley, and Chuck Karlen master the mysteries of atomic structure.

Steve Conrad and Debbie Dougherty relax between classes.

School Scenes Vary



Students learn correct finger technique in personal typing class.

Basketball is the "in sport" in this sophomore physical education class.

The schedules are crowded with classes, but every student finds some time to spend with his friends. Classmates are welded together through a common bond of laughter and tears. Dances, exams, concerts, and athletic events all serve to strengthen these friendships. We hope that each student will carry with him fond memories of his high school days.

Students enter the wonderful world of books with the help of Mrs. Franks, librarian.

QUEEN AND COURT: Faye Rohrer, Susan Adams, Cathy Burdick, Lorie Chapman, Karen Middleton.

"Paradise Isle," the 1967 Prom, was held at the Hoover Price Campus Center. This year was the first time the annual event was held away from the high school.

A pre-dance banquet was enjoyed. The banquet also broke tradition. Steve Conrad gave the invocation. The Junior Class President Tom Robinson was toastmaster for the dinner. Also, toasts were given to the Junior and Senior classes by John Miller, the Senior Class President.

The dance began at 9:00 and featured "The New Breed," a new sound in prom entertainment. At 9:30 Miss Cathy Burdick was crowned the 1967 Prom Queen by her escort Ron Dickerhoof. Members of the Queen's Court were Susan Adams, Lorraine Chapman, Karen Middleton, and Faye Rohrer. All the queen candidates had previously been chosen by the teachers. The Junior and Senior Classes then voted for the girl they wished to be queen.

At 12:30 the refrain of "Goodnight, Ladies" was heard and the 1967 Prom was over.

Polynesion candles and tropical flowers graced the setting of "Paradise Isle."

Everyone awaits the name of the new queen.

The fast dances are fun for Miss Carli and Mr. Admonius.

Cathy Burdick Reigns on Paradise Isle

Judy Hirst Rules over "Shades of Autumn"

Students dance under "Shades of Autumn."

DUCHESS AND COURT: Debbie Breit, sophomore attendant; Karen Werstler, junior attendant; Judy Hirst, Duchess; Margie Lutton, senior attendant; and Rhonda Regoli, retiring Duchess.

Everyone has a good time including Mitzi Mihaila and Doug Haubert.

The Homecoming festivities this year were launched at our Homecoming game with Jackson, September 29. Before the game, cars driven by senior boys drove the Duchess and her court around the track. At half-time Mr. Robert Moore introduced the Duchess and court. Miss Judy Hirst, Duchess, delivered an invitation to all sophomores, juniors, and seniors, along with the alumni, to the Homecoming Dance the following night.

Saturday night, September 30, the Homecoming Dance was held in our gymnasium. The gym was decorated with the theme "Shades of Autumn." The throne was a white wrought-iron chair, surrounded by a white picket fence, pumpkins, and colored leaves.

The coronation was held at 10:30 P.M. Retiring Duchess, Rhonda Regoli, crowned this year's Duchess, Judy Hirst, who was chosen by the football team. Each attendant was elected by her respective class.

Escorts for the dance were John Pfeifer, Ron Dickerhoof, Dale Baugh, Ed Rowland, and Les Monnette.

The Don-Parlo Quartet furnished the music for the dance which ended at midnight.

The Duchess, Judy Hirst, extends an invitation for the Homecoming dance to all Marlington High students and alumni while retiring Duchess, Rhonda Regoli, looks on.

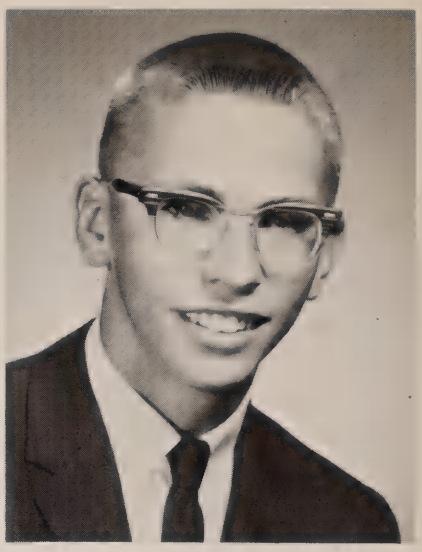
Seniors



Clyde Lepley
President

The Class of 1968 watched this, their senior year, quickly pass. The numerous rallies and ball games lasted throughout the year; but, the last few weeks were the busiest: tedious exams, the Junior-Senior Prom, the All-Night Party they didn't want to end, and finally—with mixed emotions—graduation. Now as they receive their diplomas, they find these things which seemed so insignificant, the high-lights of their memories. Never to happen again—they have graduated.

BOYS STATE—*Row 1:* Delegates—Tom Robinson, Ron Dickerhoof. *Row 2:* Alternates—Dale Baugh, Doug Haubert, John Pfeifer.

The delegates chosen for Boy's State this year were Tom Robinson and Ron Dickerhoof. Tom, however, could not attend the convention at Capital University in Columbus, Ohio. Dale Baugh, first alternate, took his place; other alternates were Doug Haubert and John Pfeifer.

This is a model of state government; it is broken into counties and cities. Each city was made up of fifty boys, half of them Nationalist and half of the Federalist party. Every city had its own city officials: mayor, treasurer, fire chief, mortician, and psychiatrist. About 1,600 boys attended the convention this year.

Ron was a member of the Nationalist Party and a delegate to the Nationalist State Convention. Living in Eaton City, Cole County, Ron ran and was elected Eaton City Treasurer and was appointed to the office of State Director of Agriculture.

After giving up the idea of running for Senator, Dale became a campaign manager and a delegate to the county caucus. The gubernatorial candidate he was campaigning for was defeated, but Dale was appointed as director of the Division of Oil and Gas under the Department of Natural Resources.

The boys had organized athletics including football, basketball, and softball in which tournaments were played. Some of their guest speakers were Vince Costello—of the Cleveland Browns, Supreme Court Justice C. William O'Neil, and Lietuenant Governor Brown.

Four girls were chosen in the spring of '67 to represent Marlington at the Girl's State Convention in June. Bonnie Saunier, Janice Moore, Cindy McAlister, and Marcia Kale were the delegates; Denise Fox, Cindi Davis, Ann Weaver, and Sue Myers were the alternates.

Cindy McAlister lived in the city of Finley, Johns County. She was a Federalist who was appointed to the job of Assistant State Director of Agriculture.

Woolsey City, Rarey County, was the place Marcia lived. She ran for the Federalist Party. In running for Prosecuting Attorney, she won the primaries but lost the general election and was appointed the Head of Printing and Data Processing under the Department of Finance.

Bonnie was a Nationalist from Catherwood, Doyle County. She was appointed to a sub-cabinet post of Director of Data Processing and Printing. Her committee drew up the budget for the Governor of Girl's State. Also, she was given the position of City Psychiatrist.

Janice was elected to the House of Representatives by the Nationalist Party. Her city was Oakley in Lawrence County.

Over 1,200 girls attended the Convention this year. Some of the guest speakers were Governor Rhodes, Supreme Court Justice C. William O'Neil, Lieutenant Governor Brown, the Mayor of Xenia, and the Director of Boy's State. Besides the elections, some of the outside activities were a tour of the State House of Representatives, Senate, and Supreme Court of Chambers. A talent show and patriotic convocation were also presented.

The Sophomore Class officers were Bill Rastetter, president; Jack Wyles, vice president; Debbie Breit, secretary; Connie Hirst, treasurer; and they were advised by Mr. Robert Moore. Members of the Sophomore Class of 1967-1968 have completed their second year of high school and will graduate in 1970. At rallies and sports events, feelings of loyalty, pride, and belonging arose and grew in the sophomores. There were times when failure was upon them, but through trying times they achieved the feeling of accomplishment.

Freshmen

The Freshman Class officers were John Wasem, president; Olyn Boyle, vice president; Bonnie Rosler, secretary; Jim Aquilo, treasurer. The officers were assisted in their duties by their adviser, Mrs. Helen France.

This year the freshmen had their first chance to choose their own curriculum. They gained more privileges, such as participation in Student Council and pep rallies. With growing anticipation the freshmen looked forward to summer vacation.

FACULTY

Administration Directs Education

Mr. Harold Hall
Superintendent

Mr. Thomas Hazen
Principal

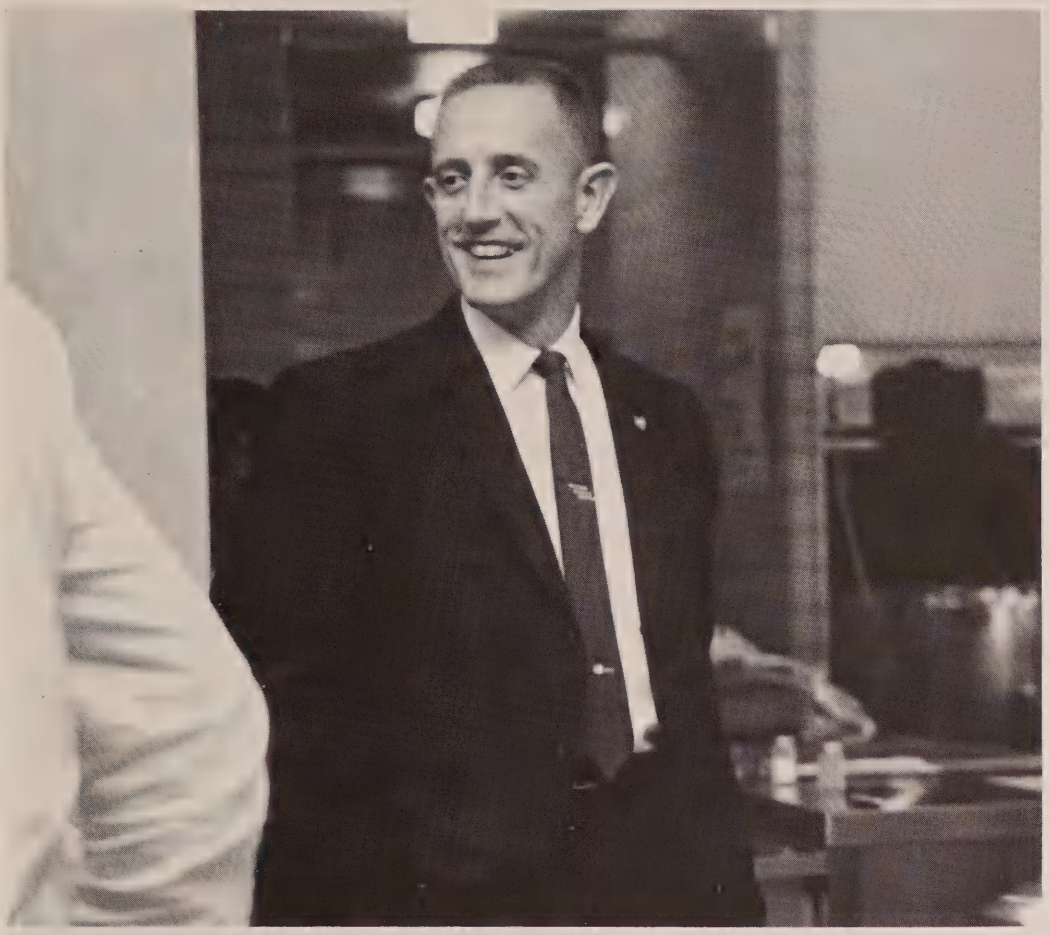
Administration members dedicated long hours of service to make the school run smoothly and efficiently. They had to set the example for the school and were constantly in the public eye as representatives of the school.

The areas the administration was concerned with included: discipline, school records, students' schedules, and supervision over the teachers.

Mr. Thomas Hazen was the head of the school administration. His job was largely one of supervision. Mr. Gerald Moore was in charge of the school's vocational departments and handled some of the discipline problems. Mr. Richard Garra also handled discipline and was in charge of school attendance.

Mr. Hall directs the affairs of our school district.

BOARD OF EDUCATION—Dr. William McCrea, Dale Freshley, Bernice Cassidy—Clerk of Board, Floyd Walter, Luther Mehl—Retiring member, Donna Brandon, Earl Cunningham.



Mr. Garra, our assistant principal, also acts as the lunchroom supervisor. He enjoys this free time and chats with many of the students.

Mr. Gerald Moore
Asst. Principal

Mr. Richard Garra

Mr. Moore, assistant principal, and Mr. Hazen, principal, work together to aid in the functioning of our school.

Guidance Leads to Understanding

Mrs. Helen France
Girls' Guidance Counselor

Mr. Melvin Snode
Boys' Guidance Counselor

School problems become less worrisome to our boys through the careful guidance of Mr. Snode.

This year Mrs. Helen France began her work in the guidance department. She and Mr. Melvin Snode combined their experience and knowledge to aid students in their scholastic and social problems.

The guidance office area was a center of activity as students went to seek counseling about their past, present, and future. The counselors helped each student to determine his ability and potential and plan for the future accordingly. Especially the seniors were frequent visitors to the guidance offices as they tried to decide whether a college education or a job, directly after high school, was best for them.

Although most of their time was given to counseling, Mr. Snode and Mrs. France performed various other duties. Mrs. France became the "voice" for morning announcements.

Mr. Snode administered several scholarship and government tests and also signed passes to excuse students from school. Both of the counselors deserve appreciation for their hard work and their interest in the students.

Mrs. France, girls' guidance counselor, enjoys helping the girls solve problems, or just having a nice chat as she is with Sherry Lipely.

Students were fortunate enough to have an excellent faculty. Many teachers were new this year, but they rapidly adjusted to the routine at Marlington. All teachers, new and old, worked to better themselves as teachers. Their goal was to educate the students by giving them basic knowledge and inspiring them in the drive and desire for further knowledge.

Each teacher tried to establish a friendly atmosphere in his classroom in which the students could work industriously and creatively. The teachers, not only taught factual knowledge, but also gave them examples of practical application.

The teachers spent much time preparing their lessons and grading papers. Included in the teachers' activities was the sponsoring of various clubs and organizations. Most teachers had at least one club to sponsor and often chaperoned at school dances. Besides their regular teaching, each teacher was ready to give extra help to any student who asked for it. Throughout the entire year, the teachers gave their unfailing dedication and loyalty to the school and the student body.

Good teacher-student communication helped to make the last year a good one. It was essential that the teachers state their lessons so the students were able to understand. It was also necessary that the students could answer the teachers' questions and ask questions of their own.

All the departments of the school worked toward better communication. Whether the students were writing or speaking, their means of expression were developing.

At our school the good communication between faculty and student body was helpful in making a friendly relationship between them. The teachers were always willing to help, and the students weren't afraid to ask for aid when they needed it.

Smiling, Mrs. Spencer leads her classes in discussions about writing, speaking, literature, and other techniques of the English language.

This year students went to school as usual and the teachers taught their classes as usual. Behind this normal routine, was an inward drive, the hope of tomorrow. Students worked hard this year to prepare themselves for their future, whether it included a job or a college education. Teachers worked to provide the extensive background that they knew the students would need.

There were unending lesson plans to prepare and most teachers brought in much outside material to make their lessons more interesting. The past year reflected their desire for a better tomorrow. Their efforts often determined a student's future. Yesterday determined tomorrow.

Almost all students have at least one course in science before they graduate from high school. The science program at our school included general science, biology, chemistry and physics. In all the courses, the main objective was to explain some of the reasons that things are as they are.

In general science the teachers taught the basic principles of science as applied to everyday life. The students investigated such areas as chemistry, health, astronomy, and weather.

Biology gave the students an opportunity to probe deeper into the study of nature. It was the study of living things, including plants and animals. Students were able to study life from its lowest form, the amoeba, to its highest form, man.

Students desiring a more complex study of science took chemistry. These students studied the chemical composition of materials, their reactions, and their uses. In the chemistry laboratory the students were given an opportunity to study chemical reactions and determine the composition of various substances. In the classroom, many of the laws of science were taught. Physics students studied the physical composition and properties of matter. In the physics lab they had a chance to observe proof of theories which have already been proved. All the science courses gave the students a better understanding of our world.

Knowledge was the goal of everything the teachers did and said. The faculty strived not just to teach the student body but to do their teaching in such a way that knowledge was imparted to the students. Students weren't just supposed to memorize their lessons and forget them after a few days. They were supposed to remember the things they learned and apply them in their everyday life.

No student wanted to learn in classes which were boring. The teachers had to make their classes challenging and interesting. Various methods were used to teach, but almost all of these methods stressed participation. Class participation encouraged the students to apply what they had learned to actual situations.

Our faculty did an excellent job of teaching this year. Every student learned many things that will be of use to him later in life.

Languages provided the door to international understanding. The languages weren't just French, Latin, Spanish, and English; they included the custom and culture of the people who spoke them. The students learned these languages and gained a better understanding of foreign countries.

During the year the students had various activities associated with their particular language. The newly-formed French Club sponsored a Christmas banquet, and "slaves" served at the annual Latin banquet. Spanish students welcomed a girl from South America to their banquet.

Teaching methods this year featured a new language lab. In it were a record player, earphones, and a language-master machine. The language-master made it possible for the students to practice their pronunciation and judge their progress.

Students enjoy singing all types of music almost as much as Mrs. Bingham enjoys directing them. Here she is filled with the joy of song as she leads one of her chorus groups.

Jane Buehler and Suzanne Byers attend a special music class taught by Mr.Waldeck.

Self-expression was an integral part of the school year. A student with an idea would have been worthless if he didn't have a method of communication. Each individual was able to find some means of expression.

Every mood could be captured by music. Music opened the door to sadness and joy. The holiday atmosphere was created for Thanksgiving, Christmas, and Easter. Students of each class were able to participate in choruses under the direction of Mrs. Louise Bingham. A special radio program on WFAH featured several choral numbers from the Christmas concert. Mr. James Waldeck led the band to new and better performances. The marching band appeared on television when they performed at a Cleveland Browns' game.

Art and shop were also means of expression. In art, students used their imagination and skill to capture for sight many phases of life. Mr. Thomas Haverfield was in charge of the art department. In shop the boys could use their hands to build many things from bookends to tables. Mr. Walter Headley was the head of this department.

Most people never took the time to give recognition to the secretaries, cooks, and janitors for their service to the school and the student body. These people did much behind-the-scene work to help the school function properly.

Our secretaries worked closely with the administration. Mrs. Bernice Wartluft served as Mr. Thomas Hazen's secretary and also kept the school's financial records. Mr. Richard Garra's secretary, Mrs. Margaret Nimon, kept the attendance records and records of all athletic events. Mrs. Jean Yarian worked as Mr. Gerald Moore's secretary and also worked closely with the guidance department.

Without the cooks the students could not have had a hot lunch program. The cooks prepared the meals and helped make the cafeteria a good place to eat. The cooks for the 1967-68 school year were Mrs. Mae Burky, Mrs. Naomi Supler, Mrs. Evelyn Battershell, Mrs. Catherine Monter, Mrs. Ruth Hickerson, Mrs. Corrine Fisher, Mrs. Elda Dillon, and Mrs. Ethel Clayton.

SENIOR REPRESENTATIVES—*Sitting:* Dale Baugh, Joyce Hall. *Standing:* Bob Rastetter, Clyde Lepley, Kathy Ream.

This year's Student Council proved a merit to student self-government. Its successful structure consisted of five senior representatives and four junior, sophomore, and freshmen representatives. Mrs. Eleanor Ramser served as adviser with the assistance of members of the administration and faculty. Our Student Council brought many interesting and educational programs to the high school this year. In October Ohio State Senator, Ralph Regula, delivered a speech on how important freedom is to us. Current runner-up in the National Spaceball Championships, trampolinist Barney Cipriani, gave an exhibition in spaceball and basic trampoline use in November. Before Christmas vacation the Student Council sponsored a Christmas Dance for tenth through twelth grades. The Timken Dance Band furnished the excellent music. We will all remember the fine job our Student Council did this year and be proud. Because of this, we will always look forward to our Student Council sponsored programs.

Yellow Rose Symbolizes the Beauty of Life

A high point in the academic career of many students at Marlington High School is being selected for National Honor Society. To be selected, the student must be a junior or senior with a 3.2 average for his four years of high school. The members are selected by the teachers and keyed by senior members. The symbols of the National Honor Society are the yellow rose, which represents the beauty of life; the key of knowledge, the torch, which represents the everlasting light of learning; and the four candles, which represent scholarship, leadership, character, and service. The motto for National Honor is "Nobility Obligates". The members of National Honor set examples for other students with their great ability of leadership. Newly elected officers are Doug Haubert, President; John Pfeifer, Vice-President; Bonnie Saunier, Secretary; and Marcia Kale, Treasurer.

Sharon Frank, Lori Chapman, Marilyn Kiel, Janet Stauffer, Linda Wyles, Faye Rohr, and Helen Bench prepare to pass on the honor.

The main goal of any student should be to excel in scholarship. After all, gaining knowledge is the main purpose of school. The Scholarship Team is made up of students who believe this.

The Scholarship Team is determined by a preliminary test given in each major subject. Those students who receive highest ratings in comparison to other Marlington students are considered on the team. Following this, another test is given to the members of the Scholarship Team. They are then rated on a state-wide basis.

Congratulations are due to these students, because they received very high ratings. By doing this they not only brought honor to themselves, they brought honor to the entire high school of Marlington.

The competition is extremely rough in all subjects, and to rate high is very difficult. There are many long, tedious hours of studying involved in obtaining a high rating. Most students are willing to devote long hours to studying, because they aren't afraid to put effort into scholastic activities as well as other activities they take part in.

Outstanding seniors vie for the Lexington Ruritan Awards each year. These are presented annually to the seniors who have shown particular accomplishment in the various departments of the school. These departments include: science, English, language, mathematics, home economics, vocational agriculture, industrial arts, business education, and social studies.

Qualification for these awards is based on academic average, with the final decision being made by teachers from each department. Candidates are rated on character, scholastic enthusiasm, leadership, industry, initiative, reliability, social acceptability, emotional stability, cooperation, and social concern. Each student is rated from one to five. The student in each department with the highest cumulative point average receives the award.

Behind the closed doors of the clothing lab, *Scenario* members planned and created the 1967-68 *Scenario.* Besides working twelfth period, the staff often met after school in order to meet their deadlines.

Into the *Scenario* went much work that the student body in general never knew about. Staff members had to plan their pages, draw layouts, have pictures taken, crop the pictures, and write copy, headlines, and captions. All the layouts had to be drawn in duplicate and everything had to be proofread.

This year the staff featured color pictures in the *Scenario.* This experiment involved a certain amount of secrecy which was almost ruined by an announcement requesting people with brightly colored coats. The yearbook also sported an attractive brown cover with a gold Marlington seal.

In addition to the actual creation of the *Scenario,* the staff had to consider the financial aspect of its printing. Most students did not realize that they paid much less for their yearbook than it actually cost to publish. Staff members sold ads, sponsored a sock hop, and introduced a senior parent's patron page in order to raise the necessary funds. More yearbooks were sold this year than in any preceding year.

After much labor the *Scenario* was finished and sent to the printers. The staff was able to relax a little before beginning to plan next year's book.

The Shield has done an excellent job of presenting us with the school newspaper. Miss Carli, the Shield adviser, attended the workshop held at Ohio State University in Athens, and therefore did an excellent job in helping the staff.

The staff consisted of any sophomore, junior, or senior who was capable of getting the latest scoop on the students, teachers, football games, basketball games, assemblies, Top Teens, and just the latest happenings.

Many subscriptions were sold at the beginning of both semesters. The money made went to keep improving the paper.

Much time and work has gone into the school paper, and it was evident when the final product was issued.

Science Club proved to be an interesting and informative club to students this year. Its activities included a field trip to the Timken Roller Bearing Plant, where members followed the entire process of roller-bearing manufacturing from iron ore to precision roller bearings in a tour of the plant. Members also heard such distinguished speakers as Dr. James P. Rodman, who gave an excellent talk on astronomy. In early spring the club sponsored the annual Science Fair at Marlington. Another project included parking cars during home basketball games. The Science Club functioned service organizations as well as an educational one.

New members to the Latin Society participated in two inductions this year. The first, an informal initiation, was a surprize to the unsuspecting new members. At the next meeting an impressive candlelighting ceremony was held. Other activities of the club included the traditional selling of new members as slaves and a Latin banquet held in February.

The Commercial Club plays a vital role in preparing prospective secretaries for the future. Through interesting, informative speakers and various field trips, its members gain insight into the career which lies before them. This in turn makes them more aware of their chosen field and helps students to become good secretaries of the future.

French is now being offered as a subject. Along with it comes one of Marlington's newest clubs, the French Club. It offers its members fun and enjoyment, but also the opportunity to enrich their background of France and the French language.

The Speech Club offers its members an opportunity to display their ability to speak well. Since communication among persons is vital, and speech is a form of communication, the Speech Club gives its members the chance to communicate among one another through the art of speaking well.

Barbara Blanchard and Miss Mildred Young observe a flower they made to be used at the state convention. Barbara is Vice-President of Public Relations for the Ohio State Association of Future Homemakers of America. As a state officer, she and Miss Young attended the national convention in Los Angeles, California. They also attended five executive council meetings in Columbus throughout the year to plan the state convention.

Barbara Conner, cookbook chairman, Linda Adolff, Debbie Dougherty, and Beverly Anderson look at the cookbooks which the members sell. The F.H.A. chapter sells the cookbooks for their money making project.

Future Homemakers of America is a nation-wide organization with over 300 chapters in the state of Ohio. Our F.H.A. Chapter has undertaken many commendable projects for the community. They donated eleven trash cans to be placed around the football field, made cosmetic bags for the Massillon State Hospital, and gave the Methodist Retarded Children a Valentine's Party.

The chapter was proud of its participation in the state association. Barbara Blanchard was elected State Vice-President of Public Relations for Ohio. Fourteen delegates presented the thought for the day at the state convention. Congratulations was due to all who participated.

Interesting programs were offered at the monthly meetings. These included initiation, a family panel on "Good Family Relations", a tour of Oneils, and a Parent-Daughter Banquet.

F.H.A. helped shape today's youth into tomorrow's homemakers. This could not be accomplished without the help and guidance of its faculty advisers who put forth so much of their appreciated time to make the club worthwhile.

Parliamentary Team Places First

The Future Farmers of America have been very busy as well as very proudly recognized this past year. The Parliamentary Procedure Team came up one more notch to place first in the District consisting of seven other schools. They have also participated in many judging teams because of this outstanding parliamentary procedure they carry on. They also participated in the conventions of our land by sending two delegates to the State Convention held in Columbus, Ohio; and they sent five delegates to the National Convention held in Des Moines, Iowa.

The members of F.F.A. learned how to work with the many types of farm machinery and the growth of plants. They planned a New Year's Party, a Saint Patrick's Day Dance, and had a scrap drive.

The goals of F.F.A. are to establish and maintain unity in the organization. They also strive to achieve the best of agricultural aspects and ability.

We can be very proud of our Future Farmers because of their great contribution to our community.

Marlington's chapter of the Future Teachers of America is instrumental not only in helping its members to become better teachers of tomorrow, but also in helping our teachers of today. F.T.A. gives its members the chance to learn more about their chosen field of endeavor through informative programs and interesting field trips. F.T.A. also sponsors various events during National Education Week, such as student teaching day. This is when the junior and senior members of the club teach for various teachers in the school system.

The Librarians' Club is made up of students who give their time to help Mrs. Franks and Mrs. Zellers in the library. Members' duties range anywhere from checking out books, to straightening up shelves, to processing new books. The librarians learn more about books at their meetings through guest speakers and book reviews. While the librarians are serving Marlington, they are also learning about the world of books at the same time.

This spring the Dramadukes presented *Goodbye My Fancy,* a three act comedy. It was set at a women's college in Massachusetts during June of 1948. While in school Agatha Reed, played by Kathy France, fell in love with the widower dean, James Merrill, played by Lynn Heldreth. When the romance was discovered, she left the school embarrassed. In later years she became a congresswoman. She returned for a visit to receive an honorary degree and they fell in love again.

We Have Always Lived in a Castle was a new experience for the Thespians this year. Their first melodrama was a tremendous success. Constance Blackwood, played by Roberta Rohrer and Linda Adolff, lived in seclusion for fifteen years after being aquitted for the poison murder of her father, mother, and younger brother. She lived with her younger sister, Mary Katherine, played by Ann Weaver and Connie Wrann; and Uncle Julian, played by Larry Wilson and Steve Kant, who had escaped the murderer. When an old boyfriend, Charles Blackwood, played by Richard Pinkerton, reappeared after fifteen years, Mary Katherine tried to discourage his efforts to help Constance re-enter the world. The play ended in tradegy when insane Mary Katherine murdered Charles and Constance reverted back to her previous life of solitude and seclusion.

The Y-Teen Goals are to grow as a person; to grow in friendship with people of all races, religions, and nations; to grow in the knowledge and love of God. These goals were well achieved by the Y-Teens this year. The club did an outstanding job of helping more people in more parts of the world.

At Thanksgiving, a basket of fruit was given to a needy family. At Christmas, dolls were dressed for the Salvation Army, and cookies were sent to the Marlington graduate boys serving in Viet Nam. A foster child from Formosa was "adopted" by the girls to help clothe and feed. Money was also collected at Christmas for a gift for the child.

Bev Blanchard, Denise Bedford, Kathy Thomas, and Marcia Snode were the girls to represent the club at the annual convention held at Ohio Wesleyan University last summer.

We can be very proud of the girls who made up Y-Teens. They are the girls who care just a little bit more for the love of God and the needs of other people.

Janice McCrea and Gail Burris dress dolls for the Salvation Army.

Hi-Y and Y - Teens Aid Mankind

Drew Ney and Steve Conrad are the "Youth in Government" delegates.

The goals for Hi-Y were to create, maintain, and extend high standards of Christ in their home, school, and community. This was well shown in the many ways they aided the world.

For many meetings the club had the gym for basketball. Other meetings included a karate expert and various movies. At Thanksgiving a basket was made and given to a needy family. The members of the club also aided in ushering for the YMCA Travel and Adventure Series held at Marlington every month.

The most important part of the Hi-Y program this year was the Youth in Government program where each club was represented at the Columbus Convention by two representatives. The two representing this year's chapter of Hi-Y were Steve Conrad and Drew Ney. At the convention, a mock government was set up and various bills were presented. Any delegate from the club is permitted to run for an office.

We can be proud of our Hi-Y club because of the excellent work they have accomplished.

Prospectors and Health Careers Serve

The Health Careers Club is open to any freshman, sophomore, junior, or senior who is interested in the future field of nursing or some other type of work in a hospital or laboratory. Members of the club have helped the school in changing the sheets of the school beds weekly. At Christmas they went caroling to the nursing homes in the area. Their programs consisted of field trips to hospitals such as Akron City and Massillon State. The speakers for their meetings were also very well accepted. They had talks from a hypnotist, student nurses, and many other interesting and profitable speakers. At the end of the year they had the pinning ceremony at which all the senior members of the club receive their club pins. At this ceremony there is also a "Girl of the Year" chosen. Last year it was Sharon Frank.

Linda Day gives morning devotions.

The members of Prospectors were the students responsible for the inspirational life of the school. They took it upon themselves to decorate the entire school for Christmas. They also gave devotions every morning to the student body. Much time and effort also went into the Easter Program which they gave in the spring. Throughout the year they also checked the coats for home basketball games and had very interesting programs for their meetings. One of the most interesting being the area "Sing-Out" group performance. We can be very proud and well pleased with the Prospectors from Marlington. They have exemplified the true meaning of faith in our school.

The Pep Club has contibuted much to the overall spirit of our student body. During our trying football season the Pep Club was at every pep rally boosting the spirit of the students. During the basketball season they formed a card section which added to the enthusiasm of the students. The Pep Club furnished the buses to away games during both the football and basketball seasons. They were also busy sponsoring sock hops, selling game tickets, and sponsoring the "Meet the Team" night for the basketball team and coach. We can be well pleased with the outstanding work the Pep Club has done this past year with the aid and advise of Mr. Pearson.

Members of the Varsity-M Club were athletes who had won a letter in at least one sport. This was the second year for the Varsity-M Club and was highly successful. Christmas boxes were sent to five former athletes who were stationed in Viet Nam. Members of the club sported attractive white jackets.

The athletes of this club were a few of the most outstanding boys in our school. Besides their fine performance in athletics, they also showed the leadership and scholarship characteristic of top athletes. The various coaches were the advisers for the club.

Service Clubs Meet Challenges

Marg Penrod, Denise Oyster, Susan McGirr, and Janice Conrad pack gift boxes for Viet Nam.

The Junior High Y-Teens is open to all eighth and nineth grade girls. One of their major service projects this year was sending Christmas boxes to American soldiers in Viet Nam. These boxes contained a variety of home-made cookies, candy, paperback books, personal letters and small toys for the Viet Namese children. After the Christmas Choral Concert the club held a bake sale in the auditorium lobby. They also sponsored a Christmas dance for the freshmen girls and their guests which was held at the Alliance YWCA.

Projectionists, Office Help, and Hall Guides, were essential to school operation this year. Office helpers operated the switchboard and ran errands for the secretaries. Projectionists ran audio-visual equipment for teachers and kept everything in the audio-visual room in order. They were often called upon to make quick repairs and last minute substitutions. Our school owes much to these people for their unselfish help in making our school run smoothly.

Bill Kress was the lone scorer for Marlington, breaking through a Sandy Valley defense to tie the Cardinals in a 6—6 contest. Ron Dickerhoff was chosen Most Valuable Player for his fine defensive action. He had a total of 79 tackles and 66 assists.

Summarizing the season Coach Springer said, "The 1967 Varsity Football Team did not have a winning season, however, it was felt by the Duke Coaching Staff that a great amount of improvement was displayed by the young ball club over the coarse of the season. It definitely was a young squad with nine of eleven offensive and seven of eleven defensive starters returning for the 1968 season. The young Dukes must evalute their 1967 performance and aim for 1968."

Junior High Gridders Gain Valuable Experience

The Freshman Football Squad ended their 1967 campaign with a 3—4 record. Coach Pachmayer, in his first coaching assignment at Marlington, led his team in a promising season. Coach Rastetter assisted Coach Pachmayer in guiding the young gridders. The fighting freshmen opened their season with a 6—0 decision over Lehman, followed by a 8—6 victory over Canton Timken. After dropping their next four games the mighty Dukes rolled over West Branch Warriors by a score of 36—6. Despite the 3—4 record, the athletic department felt that much experience has been gained by the Freshman team.

Our Eighth Grade Football Squad ended their season with a 3 –3 Mark. They were led by Coach Sabin and Coach Priest, two new faces at Marlington. The young Dukes showed great promise for the coming years. Teamwork was a key word for the eighth grade gridders as they fought their way through a rough season. They defeated a tough Waterloo team in two well-fought games with scores of 8 –6, and 8 –0, respectively. To cap the '67 season, the young Dukes dumped State Street with an impressive 18 –0 score. Jim Davies scored all three touchdowns for Marlington.

Cheerleaders are chosen in the spring of the school year by the student body. It takes a combination of many fine qualities to be chosen. A Marlington cheerleader wears her "M" with a big smile.

Dukes Rank 15th in State

Many records fell as the Dukes romped through a memorable season. Expert ball handling, accurate shooting and deliberate passing by the players added up to a successful 17 – 1 record and a Federal League Championship.

The long-standing game record, which was set nine years ago, was erased this season. After breaking the old record twice, the Dukes set a new record of 98 points in their game against the Fairless Falcons.

The 6'10" Junior, Luke Witte, set new records in scoring this year. Big Luke, scoring 43 points against the Glenwood Eagles, broke his own record set earlier this year. He also set a season scoring record by pumping in 499 points, which was also a Stark County scoring record.

Co-captains for this year's team were Tom Robinson and Clyde Lepley, both three-year lettermen. Unselfishness by these two players and the rest of the team proved to be valuable in many games. Tom Robinson led the team with assists, setting a season record.

The Second-seeded Dukes kept rolling through the tournaments by defeating Glenwood and Tuslaw.

By defeating the Lincoln Lions, the Orangemen captured the upper-bracket sectional trophy and moved on to vie for the district championship, only to bow to a rugged Canton McKinley team in a hard fought 74 – 62 decision.

The Dukes, as well as displaying superb action on the court, also showed excellent sportsmanship. The school and the entire community has a right to be proud of the 1968 Marlington basketball team.

Coach Umberger, Coach Kitzmiller, and Coach Archibald showed great determination as they led the Duke cagers through a rough season. Head Coach Kitzmiller was voted Coach of the Year by Stark County coaches. This is a great honor for our team as well as the whole school. The three coaches worked in close co-operation throughout the season and can be proud of the fine showing that the Dukes made this year.

Experience was the key word for the underclassmen this year. Although it was not a successful season, much valuable experience was gained by the young cagers.

The reserve squad, coached by Mr. Umberger, compiled a 6-13 record. There were many close contests in which the Duke squad was downed by a few points, but the Marlington reserve cagers showed determination and excellent sportsmanship throughout the entire season.

The freshman basketball team under the direction of Mr. Sommers finished their campaign by posting a 7-7 mark. It was an up-and-down season for this young Duke team which started out strong but slumped off, only to bounce back in the last half of the season.

The eighth grade Black team, coached by Mr. Leedy, showed improvement in the face of a 2-6 record, as did the Orange team, guided by Mr. Sabin, which posted a 0-6 mark. In combined efforts the young Dukes finished their season with a 3-3 record.

Dukes Capture Invitational Crown

It proved to be an excellent season for the Duke wrestling team, as well as for the Orange and Black cagers. Under the excellent direction of Coach Hinchcliffe and Coach McClain, the Dukes copped the Federal League title with an unblemished record in dual competition. Marlington has taken the title three times since the Federal League was started five years ago.

Outstanding individual effort, as well as fine teamwork, combined to help the grapplers through a tough season. Some of the outstanding leaders on the squad were Evertt Gibson, with a 10-0 individual record; Mike Flinn with an 8-0 record; Drew Ney with an 8-0 record; and Randy Breit with a 10-0 record. Randy also placed in the top four at the sectional meet, qualifying him for the district matches. Here he placed in the top two in the district, qualifying him for the state meet in Columbus. Randy copped seventh place in the 120-pound class at the state meet.

The Marlington Duke wrestling team showed what a group of hard-working, determined boys can do, by taking first place at the Warren Invitational Match. The Duke matmen again showed their prowess by copping the fourth position at the Louisville Sectional Match.

Self-discipline and long hours of practice are two of the most important factors contributing to the grappler's success on the mat.

The Duke baseball squad finished the '67 season with a mediocre record of 8 wins and 11 losses. Led by Coach Haverfield, the Dukes smashed the Federal League stolen base record of 61 with a total of 81 thefts. Fred Millard copped the Most Valuable Player honors for his outstanding performance on the diamond. Dave Haidet, who earned an Honorable Mention on the Federal League All-Star Team, had an earned-run average of 2.61 with 35 strike-outs.

The team's potential became evident in many games, such as, the clash with Jackson in which the Dukes topped the Bears by an impressive score of 13—0 and by defeating Louisville in a hard-fought 1—0 battle. Underclassmen showed great promise for the coming season.

Led by Coach Archibald, the Duke duffers capped their season with a 7—10—1 record. The Dukes made very good showings at their home matches with a 4—2—1 mark while dropping to a 3—8 record at away games. Lanny Snode in his last year of high school golf tied the school record by shooting an excellent 35 at the Spring Hills Golf Course in a match with Northwest. He also won his fourth year letter in golf. Other lettermen were Randy Schoonover, Duff Beamer, and Dana Rosler.

At the district meet the Dukes placed thirteenth in a field of twenty-one teams.

The Duke cindermen, led by veteran Coach Walt Headley, ended a very good season with a record of 7—1. Many records fell as the Dukes dashed through the season. John Pfeifer and Ed Rowland topped the old high jump record of 5 ft. 9 in. by a full inch. John Heitsman, enjoying a successful senior year, set a new mile record of 4.44.8 Chris Craft, also a senior, recorded a record time of 10: 41.5 in the two-mile. The Glenwood Eagles were responsible for the only two blemishes on the cindermen's record. In spite of the two losses, the Dukes had a well-balanced team, boasting skills in field as well as the track events.

The Stark County Invitational Girl's Track Meet was held May 20, 1967, at Glenwood Stadium. Miss Francine Sylvis led the girls to an encouraging second place in the county. First place for Marlington were Virginia Wilson, who set a new record in the 220; Helen Bench in the high jump; and the 880 relay team consisting of Carol Barcus, Virginia Wilson, Martha Simpson, and Cindy Farmer, who set a new record of 1:56.3. Second place winners were Sandy Freytag in the shot put, Joyce Lashley in the softball throw, and Carol Barcus in the 100 yard dash.

In 1965 the girls managed a fifth place in the county, and in 1966 moved up to fourth place. After much work, the 1967 track team bowed to Glenwood by one point, bringing home the runner-up trophy.

The Junior-High Track team, led by Coach Kitzmiller, finished the season with a 4—2 record. The young Duke cindermen showed their abilities in meets with Lehman, in which they defeated the Polar Bears by a score of 70 1/2—38 1/2; and against Stanton; in which they won by a 13 point margin. The Dukes ended their season by defeating Lake by a score of 68—50.

Cross country, probably one of the most grueling of high school sports, is also one of the most interesting. In this little talked about sport, the low score wins.

This year, the Duke harriers finished their season with a 2—5 record in dual meet competition. The Dukes dropped a close match to Salem in a 27—26 decision. The harriers took second in both triangular meets in which they participated. At the Ashland College Invitational, Marlington placed seventeenth in a field of 26 teams. At the district meet which was held at Boardman, the Duke harriers finished seventh out of 16 teams.

M.V.P. Robert Spalding broke the school cross country mark with a 10:54 effort. He also won his third year award. Bob Rastetter was the only other third year letterman, while Perry Bowlin, Fred Weibel, Randy Breit, Evert Gibson, and Tom Hubbs earned their first year letters.

Mr. Umberger guided the Duke harriers in his first year of cross country coaching. Although there will be only two returning lettermen, we can look forward to an exciting season next year.

This year our marching band performed on television several times. They were seen at the Professional Football Hall of Fame Game in August at Canton. They also were seen in the Stark County Band Show at the Stark County Fair September fifth. The band practiced many long hours with the West Branch Band in order to perform a combined band show at the Cleveland Browns—Pittsburgh Steeler game October seventh in Cleveland.

Half-time shows this year featured many of Herb Alpert's arrangements, such as, "The Mexican Shuffle," "So What's New," and "Bittersweet Samba." To this very popular music the band performed unique and unusal dance routines, which were well received by the audience.

The Marlington—Alliance Band Spectacular, which was held in our stadium on October twenty-first, was the second one of its kind. The bands that performed were Minerva, Louisville, North Canton, St. Thomas Aquinas, Alliance, and Marlington. At the spectacular Marlington performed an outstanding and colorful light show which pleased the audience. All in all, it was a good season.

This year the Concert Band achieved in their music ability. Practice and concentration are the essentials for a good concert band and the Concert Band had both. This band spent most of its time on musical fundumentals to prepare itself for Select Concert Band.

There were three pep bands this year, which played at home basketball games. This small, select group promoted pep and enthusiasm at the games.

The Eighth Grade Concert Band experimented with high school music this year. In the fall the concert band practiced some marching skills. This band was primarily working on fundamentals to prepare themselves for the Concert and Select Concert Bands.

The 1967-68 Select Chorus, which is composed of the top seventy-eight junior and senior vocalists, meets on Wednesdays and Fridays.

This group performed at various assemblies and programs. They were highlighted in the Thanksgiving assembly and the Christmas program. In the Thanksgiving assembly they sang "Hallejuhah," "We Thank Thee, Lord," and "How Excellent Is Thy Name?" For the Christmas Concert, the chorus entered a darkened stage singing "O Come, All Ye Faithful." The songs "O Holy Night" and "Silent Night" were sung with featured soloists. The chorus also was featured in the spring musical "Where's Charlie."

Select Chorus member, Cindi Davis, is happy after a successful performance in the Christmas Program.

Seniors singing at Christmas Program.

Mrs. Bingham directing Seniors at annual Christmas Program.

The Senior Chorus, under the direction of Mrs. Bingham, has ninety-four members. It meets on Tuesdays and Thursdays.

After four years of hard work and practice, the seniors are able to sing together well. This was demonstrated in the Christmas program, when the chorus sang "Fanfare for Christmas Day," and "Sing of a Merry Christmas."

The seniors should be proud of their four years of musical experiences.

The Senior Girls Ensemble is composed of nine members. At the Christmas program, they combined with the Junior Girls Ensemble to sing, "It's Beginning to Look a Lot Like Christmas," and "Blue Christmas."

These girls enjoy singing together and look forward to more programs.

The Junior Chorus now practices with ease. Throughout the past year, they have learned the fundamentals of music and their voices have matured.

As the juniors develop their musical abilities, they sing many songs—modern, folk, spiritual, and old favorites.

The chorus participated in the annual Christmas program, performing such songs as "I Heard the Bells on Christmas Day" and "Snow, Snow, Beautiful Snow."

Led by Mrs. Bingham, the eighty-three juniors practice twice a week to increase their knowledge of music and its many forms.

Snow falls on the juniors during "Snow, Snow, Beautiful Snow."

A Timken® bearing never asks about your race, color, creed or national origin.

The quality of our products depends upon the ability of the men and women we employ.

So it's no surprise that our employment policy is based only on your ability. Not on your place of birth, your religious faith, or the color of your skin.

One of our vice presidents describes it this way: "We hire ***people***." We also recruit ***people*** on college campuses, train ***people*** in apprenticeship programs, promote ***people*** to better, more responsible jobs.

Our long-standing policy has been clearly and simply stated and restated as follows:

"The Timken Roller Bearing Company reaffirms its policy of treating all employees and applicants, whether or not they are members of minority groups, equally according to their individual qualifications, ability, experience and other employment standards."

It means we can select from all qualified job seekers, not just a chosen few. It gives us a larger labor market from which to pick.

And that's what we pick . . . the qualified. It takes qualified people, working under the best conditions, to make the best Timken® bearings, Timken steel and Timken rock bits.

The Timken Roller Bearing Company.

Ohio's Most Famous Name in

CIDER

You probably recall that at one point in her adventures in wonderland, Alice found she had to keep running faster and faster to stay in the same place. We know how she felt. Over the years, dozens of companies have challenged the leadership of Hoover cleaners . . . unsuccessfully. We've maintained our leadership through a constant program of product development and improvement for our cleaners, and for our many other products. So, in effect, we keep running faster and faster to stay where we've always been . . . in first place. It isn't easy, but it would be a lot tougher without the dedicated skills of all the men and women of The Hoover Company.

Man is challenged today to excel in almost every endeavor . . . those who do succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. Josten's has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition, and Josten's products have become tangible symbols honoring perseverance and achievement.

The class ring is representative of the fine traditions of school spirit and unity ☐ The yearbook provides a lasting memento of the year's accomplishments ☐ The diploma is a lifelong record of scholastic success ☐ The graduation announcement heralds this achievement ☐ Awards recognize academic and athletic leadership.

As Marlington High School opened in September 1967 there were fourteen-hundred different shades of daydreams, hopes, and goals, which passed through its doors. Some of these remained daydreams, but many became accomplished goals. We have portrayed as many of these as possible in the 1968 Scenario.

In closing the Scenario, I would like to thank the Scenario staff, Mrs. Janet Spencer, the administration, the faculty, Troup & Pluto, and Mr. Jim Parkinson, our representative from Consolidated Graphic Arts, for their co-operation. For without this it would have been impossible to publish the 1968 Scenario.
